Re: Patrick Farm, Application ID 3-3926-00570/00002

Dear Mr. Peterson:

I am writing with respect to the status of the Patrick Farm Application.

Many of my constituents have expressed concerns about the Application and have requested an opportunity for their concerns to be heard. Moreover, the Application raises "substantive and significant" issues, including the reasonable likelihood that the Application must be denied or granted only with major modifications, requiring an Adjudicatory Public Hearing.

The Application has the potential to adversely impact matters of public concern, including, stormwater management, water quality (including, potentially, drinking water quality) and wetlands. These issues should be addressed with an appropriate Legislative Public Hearing and to be followed by an Adjudicatory Public Hearing.

If you have any questions, please feel free to contact me at my office at 845-634-9791.

Sincerely,

Kenneth P. Zebrowski
Member of Assembly
